JUNE 2024

RECENT PACIFIC TRIP

Last year, I made a trip to New Zealand and Fiji to preach in areas where I have worked often in the past. Many of you will know that, as a young married couple, Rose and I moved to Hamilton, New Zealand to begin the church in that city. Whenever I mention this, I could not, with a clear conscience, fail to mention our wonderful coworkers in that effort, Don and Elnora Oelze, and Dan and Judie Jenkins. From Hamilton, our Bible correspondence efforts in Fiji and our trips to study with the students there, resulted in the beginning of the Lord's church in that small, tropical island nation.

The church of Jesus in both New Zealand and Fiji is still in need of assistance, and the brethren appreciate help. So, I returned this year. I left in mid-April and was away just over six weeks. In New Zealand I went to assist and encourage congregations in Tauranga, New Plymouth, and Hamilton. I had numerous opportunities to preach and teach Bible classes and there were many occasions when I could discuss the work of the church with leaders in the congregations.

It's about a three-hour flight from Auckland, New Zealand to Nadi, Fiji. From there a 30-minute flight in a small plane gets you to Suva, the capital and, by far, the largest town. The population of the whole country is said to be about 952,000. As a matter of interest, the life expectancy in New Zealand is 82, in the USA it is 76 and in Fiji it is 67. Judging countries by the wealth of the citizens, the USA is number 9, New Zealand is number 37 and Fiji is number 99.

I was privileged to teach and preach in Suva at the congregation we have worked with through the years. It was also a real pleasure to preach one Sunday at a wonderful village congregation about an hour's drive from Suva. And it was a joy to visit in the homes of some of God's people that I have known for a really long time. We need to be praying for our brethren and the growth of Jesus' church in both of these countries.

Lord willing, I will be teaching in Mexico in July. After that, a return to India is planned. The brethren there usually suggest a date, but we haven't heard any details yet. Thanks for your prayers and assistance.

LATEST WORD FROM KREMENCHUK, UKRAINE

With a new and terrible war to dominate the news, people tend not to think so much about the continuing tragedy in Ukraine. Getting information is not always easy, but today I was able to speak to a Ukrainian brother on the phone. The news about Kremenchuk is not good. Spasmodic bombings continue and it looks as if the Russians have finally been able to destroy the city's electricity supply beyond repair. If there is not some radical improvement in the situation, when their terrible winter approaches, the Ukrainians will need money for small, gasoline-powered electric generators. They will certainly need our help for that! Not all the news is bad. Spiritually they are doing tremendously well. The church is growing in maturity and in number. We are thankful and praise God for that!
